This report provides the detailed results provided by teachers, administrators, and other school staff on each question in your 2020-21 administration of the *California School Staff Survey* (CSSS), presented in tables organized by topic.

The CSSS, along with its companion student and parent surveys—the *California Healthy Kids Survey* (CHKS) and the *California School Parent Survey* (CSPS)—form the California Department of Education's *California School Climate, Health, and Learning Surveys* (CalSCHLS) System. CalSCHLS is the largest, most comprehensive effort in the nation to regularly assess students, staff, and parents at the local level to provide key data on school climate and safety, learning supports and barriers, and stakeholder engagement, as well as youth development, health, and well-being. Exhibit 1, at the end of the Preface, presents the major school-related domains and constructs assessed by CalSCHLS.

These surveys grew out of the California Department of Education's (CDE) commitment to helping schools promote the successful cognitive, social, emotional, and physical development of all students; create more positive, engaging school environments; and ensure college and career readiness. They provide a wealth of information to guide school improvement and **Local Control and Accountability Plan** (LCAP) efforts, particularly in regard to the state priorities of enhancing school climate, pupil engagement, parent involvement, and addressing the needs of vulnerable groups.

Factsheets, guidebooks, and other resources to help in understanding and using CHKS results are available for downloading from the CalSCHLS website (calschls.org), including *Helpful Resources for Local Control and Accountability Plans* (calschls.org/docs/lcap_cal_schls.pdf). The California Safe and Supportive Schools website (ca-safe-supportive-schools.wested.org) provides information and tools helpful in implementing effective strategies to address the needs identified by the survey.

The CalSCHLS Regional Centers offer a Data Workshop to help identify local needs and develop action plans to meet those needs, including a *Listening to Students Workshop* for involving student voice in the process (see below).

SURVEY PURPOSE

The CSSS was developed for CDE in 2004 to fulfill the requirement in the *No Child Left Behind Act* of 2001, Title IV, that schools conduct an anonymous teacher survey related to student drug use and violence. Recognizing the opportunity this requirement presented, CDE expanded the content to collect other data to guide school improvement efforts, to meet LCAP state priorities, and to enable the perceptions and experiences of school staff to be compared to those of students on the CHKS. Schools can also add questions of their own choosing to meet other local data needs. Because the results are anonymous and confidential, the survey provides staff with an opportunity to honestly communicate their perceptions about the school.

The CSSS grew out of CDE's commitment to: (1) helping schools promote the successful cognitive, social, emotional, and physical development of all students; and (2) fostering positive school working environments, particularly to help address the growing problem of low teacher retention. This CSSS report provides data on the degree to which staff perceive that their school has a learning and working environment that is safe, supportive, caring, collegial, challenging, and engaging, with norms and standards that encourage academic success. CSSS data enrich a school's ability to create a positive school climate that promotes quality teaching, school connectedness, academic achievement, and overall well-being among both students and staff.

SURVEY ADMINISTRATION AND SAMPLE

Schools are provided with detailed survey planning and administration instructions. CDE guidelines call for the CSSS to be administered online at the same time as the CHKS, among all staff in grades 5 and above. Staff participation is totally voluntary, anonymous, and confidential. The tables in the Survey Sample and Demographics sections of this report provide the numbers of respondents who completed the core module; their roles at the school (e.g., teacher, administrator, counselor); the length of their employment at the school and in their positions; and their races/ethnicities. The number of respondents who completed each additional module is also provided at the beginning of the set of tables for that module.

SURVEY CONTENT OVERVIEW

The CSSS survey questions were selected with the assistance of an advisory committee to assess the key variables that research and theory indicated as most associated with successful learning and teaching, particularly in regard to school climate. Like most school climate surveys, it focuses on individual behaviors, patterns of communication and interactions, and professional and student supports.

2020-21 Survey Changes

With school buildings throughout much of California closed due to the pandemic and many districts shifting to remote and/or hybrid instructional models in 2020-21, the CSSS has been expanded this year to help districts better understand the impacts of COVID-19 and how best to support students' social, emotional, and academic needs. Questions on the survey ask teachers and other school staff if most students attend school in person every weekday (in-person instructional model), participate in school remotely from home (remote instructional model), or they participate in school both remotely and in-person (hybrid instructional model). Based on responses, staff are directed to questions only relevant to the predominant instructional model used in the school. The new content assessed by the CSSS includes the following:

- staff perceptions of how effectively the school instructional model is being implemented,
- the impact of the instructional models on students' emotional well-being, academic motivation, and learning; and
- experiences with COVID-related safety measures and protocols.

Only questions relevant to the instructional model implemented in the school are answered by staff in 2020-21.

Core Section (Section A)

All staff answer the questions in the first part of the survey, which provides background information about the characteristics of the staff respondents and assesses the following main domains:

- How **supportive and inviting** the learning and working environment is in general;
- School **norms and standards** that promote achievement, including the rigor and relevance of instruction, and a shared sense of responsibility for school improvement;
- **Staff supports, professional respect, and collegiality** within the working environment, factors that surveys of California teachers have shown to be key to teacher retention;
- Staff and student **safety**;
- **Student developmental supports** in the school environment—caring staff/student relationships, high expectations, and opportunities for meaningful participation and decision-making—that resilience research has linked to school and life success;
- **Equity**, respect, and cultural sensitivity, which are particularly germane for closing the achievement gap;
- Student **behaviors that facilitate learning**, including the degree to which students are ready and motivated to learn and are well-behaved;
- The level of **problems the school experiences** that are related to 14 student behaviors or conditions (e.g., truancy, violence, bullying, substance use, mental health, and physical health);
- The nature, communication, and enforcement of rules and policies related to **discipline**; and
- Staff professional development needs.

The same questions asked of students in the CHKS supplemental School Climate Module are included in the CSSS so that staff and student results can be compared. CDE recommends that all districts include the School Climate Module in their CHKS administration. The questions, reported in Section 6 (Learning Conditions), provide staff perceptions on five key constructs:

- Supports for Learning;
- Discipline and Order;
- Social, Emotional, and Behavioral Supports;
- Positive Peer Relationships (anti-bullying related); and
- Respect for Diversity.

Student Supports Questions (Section B)

A second section of the survey is focused on student supports and is designed to be answered only by staff who provide services or instruction related to health, prevention, discipline, safety, and/or counseling. These questions assess a school's programs, policies, supports, and services that address nonacademic barriers to learning and promote healthy youth development. The results can be compared to the level of student need as indicated by staff perceptions of problems (from the first section of the CSSS) and student report (from the CHKS).

Supplemental Modules

In addition, two supplementary modules are available that districts can elect to add to the survey. For information, call the toll-free CalSCHLS Helpline at 888.841.7536.

- The **Special Education Supports Module** consists of 12 questions designed to be answered only by staff who have responsibilities for teaching or providing related support services to students with Individualized Education Programs (IEPs). It provides data to better understand issues involving (1) effectively meeting the needs of students with IEPs, and (2) recruiting and retaining special education staff. Districts can request custom reports that compare CSSS results reported by staff who have special education responsibilities to those reported by other staff.
- The **Military-Connected Schools Module** allows schools to gather the views of staff about their schools related to the educational and other needs of students who have parents connected to the military, in order to foster more military-friendly and supportive school climates.

PUBLIC ONLINE DATA DASHBOARD

The most recent state, county, and district CSSS results can be examined on the CalSCHLS Data Dashboard (<u>calschls.org/reports-data/dashboard/</u>). The dashboard can be used to graphically display statewide, county, and district key indicators from the CSSS, trends over time, and disparities in survey outcomes across groups. Group differences by race/ethnicity, role (teacher, administrator), and tenure at the school can be examined. Trends in results over the past seven years can be displayed. In addition to displaying results interactively on the web, dashboard results can be exported as Image and PDF files for dissemination. District data are publicly posted on the dashboard by the end of November of the year following survey administration.

EXPLORE RESULTS ON THE DISTRICT CALSCHLS DATA DASHBOARD

Districts may purchase a two-year subscription to a password protected, private data dashboard that displays up to seven years of CalSCHLS data at the district level and individual school level. The dashboard provides designated staff with graphical data displays for the district as a whole, for all schools in the district on the same page to enable comparisons across schools, and for a single, individual school. At both the district and school level, viewers can:

- compare their data with district and state averages;
- make comparisons across groups such as race/ethnicity, staff serving in different roles at the school, and staff tenure; and
- examine data trends over time overall and by group.

New in 2020 is the ability to make comparisons across staff in schools implementing different instructional models (in-person, remote, and hybrid).

Viewers at both the district level and the school level have the option to download data displays as a PDF document which can be shared with stakeholders.

THE REPORT

Results are provided in tables with data from all school levels assessed presented separately. The usual school levels are elementary (grades 1–6), middle (grades 7–8), high (grades 9–12), and nontraditional (ungraded, such as continuation high schools with 16 years being the earliest age of admittance).

The tables are organized into topical sections, as outlined in the Table of Contents. They provide the percentages of staff responding to each response option for each question. Percentages are rounded to the nearest whole number. Summary tables at the beginning of the sections provide a quick overview to key indicators, with a reference to the table where the detailed results can be found.

Supplemental Reports

On request, custom reports can be prepared that disaggregate the survey data and compare the results based on the characteristics of respondents (e.g., race/ethnicity), job responsibilities (e.g., special education compared to general education staff), or based on how staff responded to a particular question (e.g., whether they agreed or disagreed that the school had a supportive and inviting learning environment).

UNDERSTANDING THE DATA

Care must be taken to fully understand the survey; the context within which the data were collected; and the factors that can impact the quality, validity, and generalizability of the results. The following are a few of the key issues that should be kept in mind.

Representativeness

Among the most important factors affecting the quality of survey results is the level of staff participation. The validity and representativeness of the results will be adversely affected if the staff response rate is lower than 70 percent. One indication of the survey's representativeness is how accurately the characteristics of the sample (see Section 3) reflect the characteristics of the staff as indicated by personnel records. Even if the response rate is low, the results provide an indication of what those staff who did respond felt about the school and their experiences and behavior. Strategies for increasing participation are discussed below.

Changes Between Surveys

Many factors besides real changes in behavior, attitudes, or experiences among staff may account for changes in results from administration to administration. Changes may be due to differences over time in the characteristics or size of the sample of staff who completed the survey, changes in the questions themselves, or differences between time periods in which the survey was administered.

Data Comparisons

Comparing results to other district, county, and state data provides a broader context with which to assess the local situation. This can help you determine whether local changes are unique or may be part of a broader trend. Ultimately, however, the most fundamental concern should be what the survey results say about your schools and what improvements need to be made. Results from all districts in the state that conducted the CSSS may be downloaded from the website: <u>calschls.org/reports-data</u>.

IMPROVING PARTICIPATION

One of the most important strategies for improving voluntary staff participation is raising awareness among staff of the value of the survey to the school and the value of staff perceptions to school improvement efforts. To that end, it is important that staff are informed about the results and any school improvement efforts that are undertaken in response. Staff must perceive that their voices are heard and valued.

RESOURCES

<u>CalSCHLS.org</u> contains numerous guidebooks and other resources for using and understanding survey results.

- CHKS and CSSS **factsheets** analyze key topics at the state level, show how data variables are related, and offer suggestions for how data can be analyzed at the local level (calschls.org/resources/factsheets/).
- Assessing School Climate describes the value of the CalSCHLS student, staff, and parent surveys for assessing school climate, listing constructs and individual indicators (data.calschls.org/resources/Cal-SCHLS_AssessingClimate2013-14.pdf).
- *Making Sense of School Climate* provides a discussion of CalSCHLS survey items that relate to school climate (data.calschls.org/resources/S3_schoolclimateguidebook_final.pdf).
- The staff survey provides data on the perception of adults in the school on socialemotional service needs and provision. *Using CalSCHLS to Assess Social-Emotional Learning and Health* describes how the CHKS Core and Social Emotional Health Module (SEHM) provide a comprehensive profile of student social-emotional competency (learning) and health, and the related supports schools provide, including questions aligned with the framework developed by the Collaborative for Academic, Social, and Emotional Learning (CASEL) (data.calschls.org/resources/CalSCHLS_AssessSELH.pdf).
- *Helpful Resources for Local Control and Accountability Plans* describes how survey items align with LCAP priorities and indicators (<u>calschls.org/docs/lcap_cal_schls.pdf</u>). Also available is an LCAP-related PowerPoint presentation (<u>calschls.org/site/assets/files/1036/cal-schls-lcap_schoolclimatev6-1.pptx</u>).
- The *California Safe and Supportive Schools Newsletter* provides monthly announcements of resources, tools, webinars and workshops, and research. Sign up on <u>calschls.org/resources</u>.
- CDE's **California Safe and Supportive Schools** website (<u>ca-safe-supportive-</u> <u>schools.wested.org</u>) contains a wealth of information and tools related to school climate improvement and social-emotional learning. It includes factsheets analyzing CalSCHLS data and *What Works Briefs* that provide guidance on strategies to implement.
- The **CalSCHLS Item Crosswalk** (<u>calschls.org/docs/calschls-2019-20-crosswalk.pdf</u>) is a handy table listing all the constructs and questions that are on two or more of the CalSCHLS surveys, along with the report table number where results can be found, to assist in the comparison of findings among students, staff, and parents.

NEXT STEPS

Receiving this report is just a beginning step in a data-driven decision-making process of continuous improvement. The following describes some additional steps you should take and some custom services (additional fees apply) available from the CalSCHLS Regional Centers. These will help in fostering effective use of the results and provide additional information to support school and program improvement efforts and the LCAP process.

Engage Students, Staff, and Parents in Reviewing the Results and Action Planning

Engage students, parents, and school/community stakeholders in reviewing and exploring the meaning of the results. Obtain their input into how the school might better meet the identified needs. Engage them in developing a detailed action plan to guide school/community collaborative efforts. This communicates to stakeholders that you value their input into how to improve the school/community and gives them an opportunity for meaningful participation.

As part of this process, it is highly recommended that you conduct a structured *Listening to Students Workshop* designed to explore with students—as staff observe—the meaning of survey results and obtain student input on how to address the needs identified by the survey. WestEd staff also can conduct a *Data Workshop* designed to identify local needs based on the survey results and engage adult stakeholders in developing a detailed plan and timetable for meeting those needs using evidence-based strategies. For more information, contact your CalSCHLS Regional Center 888.841.7536 or email calschls@wested.org.

Compare Results with Other Data

The value of your CSSS results will be greatly enhanced if examined in the context of the following sources of related data.

- Student and Parent Surveys. If your school district has administered the CalSCHLS parent surveys, obtain these results and your student results and compare them to those provided by staff. It is important to determine how consistent are the perceptions and experiences of students, staff, and parents. To facilitate these comparisons, the CalSCHLS Item Crosswalk (calschls.org/docs/calschls-2019-20-crosswalk.pdf) lists all the constructs and questions that are on two or more of the CalSCHLS surveys, along with the report table number where results can be found. If your district did not administer the companion parent surveys, urge them to do so next time.
- Other Data. Examine how the results compare with other data collected within the district that relate to the variables assessed. Other relevant school-related data include discipline referrals, school demographic information, school vandalism costs, and behavioral observations in classrooms.
- Statewide Results. The latest aggregated data from all CSSS administrations over a twoyear period can be downloaded from the website (calschls.org/docs/statewide_1719_csss.pdf). If there is a school district that you consider similar to your own, you can also check to see if they have administered the survey and download the results for comparison (calschls.org/reports-data/search-lea-reports/). A comparison to statewide and district results can provide some context to your results, but the most important consideration is what your own staff results say about your schools and your staff's experiences and needs.

Request School Reports

If the schools in the district vary significantly in demographics, programs, or other characteristics, consider requesting individual reports for each school.

Data Workshop

To assist in your review of the survey results, you can request your CalSCHLS Regional Center to conduct a structured, customized Data Workshop. In this workshop, a survey specialist works with district stakeholders to promote better understanding of the results and to identify local needs that need to be addressed. The workshops can also include engaging stakeholders in developing a detailed Action Plan and timetable for meeting those needs using evidence-based strategies. For more information, contact your CalSCHLS Regional Center (888.841.7536) or email <u>calschls@wested.org</u>.

Request Additional Reports and Data

As you review your data with stakeholders, you may find that additional data needs emerge. The following custom services are available through the CalSCHLS Regional Centers to help delve more deeply into your survey results and foster more effective use of the results in support of school and program improvement efforts and the LCAP process.

Disaggregated Reports

The staff of the CalSCHLS Regional Centers can produce full reports that look at how results vary by demographic subgroups (e.g., race/ethnicity, role, length of employment at school).

Additional Analysis of Data

The complete dataset is available electronically for additional analysis (<u>calschls.org/reports-data</u>). The dataset enables analyses of patterns in the results, how they are interrelated, and how they vary by different subgroups of staff and across schools within a district. You can also request an analysis by WestEd staff of any topic of interest.

Add Questions to Your Next Surveys

Determine what additional information is needed to guide school improvement efforts and add questions to your next student, staff, or parent surveys. All three surveys are designed so that schools can add additional questions to help them conduct a more individualized and comprehensive assessment.

For more information about survey planning or technical assistance in understanding survey results and developing effective action plans to address identified needs, call the CalSCHLS helpline (888.841.7536) or email <u>calschls@wested.org</u>.

| In-School Model | 100 |
| Remote Learning Model | 0 |

Question A.2, 3: Which of the following best describes your students' school schedule during the past 30 days?... Which of the following best describes students' school schedule during the past 30 days?

Notes: Cells are empty if there are less than 5 respondents.

In-School Model - Respondents selecting "Most of my students went to school in person at the school building for the entire day, Monday through Friday."

Remote Learning Model - Respondents selecting "Most of my students participated in school from home for the entire day on most or all weekdays and did not go to the school in person."

Table A3.2

Average Days Working from Home, Past 30 Days

| | All % |
|---|----------|
| 0 days 1 day 2 days 3 days 4 days 5 days | 95 |
| 1 day | 0 |
| 2 days | 0 |
| 3 days | 0 |
| 4 days | 0 |
| 5 days | 5 |

Question A.4: In the past 30 days, how many weekdays in an average week did you work from home for an entire school day?

Note: Cells are empty if there are less than 5 respondents.

Table A3.3Role (Job) at School

| | All |
|--|----------------|
| Teacher in grade 4 or below | <u>%</u> 27 |
| Teacher in grade 5 or above | 14 |
| Special education teacher | 9 |
| Administrator | 5 |
| Prevention staff, nurse, or health aide | 0 |
| Counselor, psychologist | 9 |
| Police, resource officer, or safety personnel | 0 |
| Paraprofessional, teacher assistant, or instructional aide | 18 |
| Other certificated staff | 0 |
| Other classified staff | 18 |
| Other service provider | 0 |

Question A.1: What is your role(s) at this school? (Mark All That Apply.) Notes: Cells are empty if there are less than 5 respondents. Total percentages may exceed 100% for "mark all that apply" items.

Table A3.4Special Population Service Providers

| | All |
|---------------------------|-----|
| | % |
| Special education | 64 |
| English language learners | 73 |
| None of the above | 14 |

Question A.5: Do you provide services to the following types of students? (Mark All That Apply.) Notes: Cells are empty if there are less than 5 respondents.

Total percentages may exceed 100% for "mark all that apply" items.

Table A3.5Length of Employment at School

| | All % |
|---|----------|
| Less than one year | 5 |
| 1 to 2 years | 5 |
| 1 to 2 years 3 to 5 years 6 to 10 years | 27 |
| 6 to 10 years | 23 |
| Over 10 years | 41 |

Question A.6: How many years have you worked, in any position, at this school? Note: Cells are empty if there are less than 5 respondents.

Table A3.6Overall Length of Employment in Position

| | All % |
|---------------------------------|----------|
| Less than one year | 5 |
| 1 to 2 years | 0 |
| 1 to 2 years 3 to 5 years | 29 |
| 6 to 10 years | 24 |
| Over 10 years | 43 |

Question A.7: How many years have you worked at any school in your current position (e.g., teacher, counselor, administrator, food service)?

Note: Cells are empty if there are less than 5 respondents.

Table A3.7Race/Ethnicity of Respondents

| | All % |
|---|----------|
| American Indian or Alaska Native, non-Hispanic | 0 |
| Asian or Asian American, non-Hispanic | 0 |
| Black or African American, non-Hispanic | 0 |
| Filipino, non-Hispanic | 0 |
| Hispanic or Latinx | 17 |
| Native Hawaiian or Pacific Islander, non-Hispanic | 0 |
| White, non-Hispanic | 67 |
| Multiracial, non-Hispanic | 0 |
| Something else, non-Hispanic | 17 |

Question A.8: What is your race or ethnicity? (Mark All That Apply.)... American Indian or Alaska Native... Asian or Asian American... Black or African American... Filipino... Hispanic or Latinx... Native Hawaiian or Pacific Islander... White... Something else.

Note: Cells are empty if there are less than 5 respondents.

Table A3.8 Responsible for Health, Prevention, Discipline, Counseling, or Safety-Related Services

| Strongly agree | 47 |
| Agree | 47 |
| Disagree | 7 |
| Strongly disagree | 0 |

Question A.67: Students feel hopeful about the future. Note: Cells are empty if there are less than 5 respondents.

Table A8.2

Student Depression or Other Mental Health Issues are a Problem

| | All % |
|-----------------------|----------|
| Insignificant problem | 50 |
| Mild problem | 17 |
| Moderate problem | 25 |
| Severe problem | 8 |

Question A.90: For students enrolled in this school, how much of a problem is student depression or other mental health problems?

Bullying and Fighting

Table A8.3

Harassment or Bullying Among Students is a Problem

| | All |
|-----------------------|-----|
| | % |
| Insignificant problem | 58 |
| Mild problem | 25 |
| Moderate problem | 17 |
| Severe problem | 0 |

Question A.86: For students enrolled in this school, how much of a problem is harassment or bullying among students?

Note: Cells are empty if there are less than 5 respondents.

Table A8.4

Physical Fighting Between Students is a Problem (In-School Only)

| | All |
|-----------------------|-----|
| | % |
| Insignificant problem | 67 |
| Mild problem | 17 |
| Moderate problem | 17 |
| Severe problem | 0 |

Question A.87: For students enrolled in this school, how much of a problem is physical fighting between students?

Delinquency

Table A8.5

Vandalism (Including Graffiti) is a Problem (In-School Only)

| | All |
|-----------------------|-----|
| | % |
| Insignificant problem | 85 |
| Mild problem | 15 |
| Moderate problem | 0 |
| Severe problem | 0 |

Question A.95: For students enrolled in this school, how much of a problem is vandalism (including graffiti)? Note: Cells are empty if there are less than 5 respondents.

Table A8.6

Theft is a Problem (In-School Only)

| | All % |
|-----------------------|----------|
| Insignificant problem | 85 |
| Mild problem | 15 |
| Moderate problem | 0 |
| Severe problem | 0 |

Question A.96: For students enrolled in this school, how much of a problem is theft? Note: Cells are empty if there are less than 5 respondents.

Table A8.7

Gang-Related Activity is a Problem

| | All % |
|-----------------------|----------|
| Insignificant problem | 100 |
| Mild problem | 0 |
| Moderate problem | 0 |
| Severe problem | 0 |

Question A.93: For students enrolled in this school, how much of a problem is gang-related activity? Note: Cells are empty if there are less than 5 respondents.

Table A8.8

Weapons Possession is a Problem (In-School Only)

| | All % |
|-----------------------|----------|
| Insignificant problem | 92 |
| Mild problem | 8 |
| Moderate problem | 0 |
| Severe problem | 0 |

Question A.94: For students enrolled in this school, how much of a problem is weapons possession? Note: Cells are empty if there are less than 5 respondents.

Substance Use

Table A8.9Student Alcohol and Drug Use is a Problem

| | All % |
|-----------------------|----------|
| Insignificant problem | 85 |
| Mild problem | 15 |
| Moderate problem | 0 |
| Severe problem | 0 |

Question A.83: For students enrolled in this school, how much of a problem is student alcohol and drug use? Note: Cells are empty if there are less than 5 respondents.

Table A8.10

Student Tobacco Use is a Problem

| | All |
|-----------------------|-----------------|
| Insignificant problem | <u>%</u> 100 |
| Mild problem | 0 |
| Moderate problem | 0 |
| Severe problem | 0 |

Question A.84: For students enrolled in this school, how much of a problem is student tobacco use? Note: Cells are empty if there are less than 5 respondents.

Table A8.11Student Vaping or Electronic Cigarette Use is a Problem

| | All % |
|-----------------------|----------|
| Insignificant problem | 92 |
| Mild problem | 8 |
| Moderate problem | 0 |
| Severe problem | 0 |

Question A.85: For students enrolled in this school, how much of a problem is student vaping or e-cigarette use?

Note: Cells are empty if there are less than 5 respondents.

Substance Use Prevention Policies

Table A8.12

School Bans Tobacco Use and Vaping (In-School Only)

| | All |
|------------|-----|
| | % |
| No | 0 |
| Yes | 100 |
| Don't know | 0 |

Question A.104: Does your school ban tobacco use and vaping on school property and at school sponsored events?

Note: Cells are empty if there are less than 5 respondents.

Table A8.13School Enforces Policies Banning Tobacco Use and Vaping

9. Discipline and Counseling

Table A9.1

Disciplinary Harshness Scale Questions

| | All |
|--|-----|
| | % |
| Disciplinary harshness | |
| Average reporting "Strongly agree" or "Agree" | 27 |
| The rules at this school are too strict. | |
| Strongly agree | 19 |
| Agree | 6 |
| Disagree | 50 |
| Strongly disagree | 25 |
| It is easy for students to get kicked out of class or get suspended. | |
| Strongly agree | 20 |
| Agree | 7 |
| Disagree | 27 |
| Strongly disagree | 47 |
| Students get in trouble for breaking small rules. | |
| Strongly agree | 20 |
| Agree | 7 |
| Disagree | 33 |
| Strongly disagree | 40 |
| Teachers are very strict here. | |
| Strongly agree | 20 |
| Agree | 7 |
| Disagree | 60 |
| Strongly disagree | 13 |

Question A.74-77: The rules at this school are too strict... It is easy for students to get kicked out of class or get suspended... Students get in trouble for breaking small rules... Teachers are very strict here. Note: Cells are empty if there are less than 5 respondents.

Table A9.2Provides Adequate Counseling and Support for Students

| | All |
|-------------------|-----|
| | % |
| Strongly agree | 22 |
| Agree | 28 |
| Disagree | 39 |
| Strongly disagree | 11 |

Question A.12: This school provides adequate counseling and support services for students. Note: Cells are empty if there are less than 5 respondents.

10. Professional Development Needs

Table A10.1

Areas of Professional Development Needs

| | All |
|---|-----|
| Instruction and School Environment | % |
| Positive behavioral support and classroom management | |
| Yes | 31 |
| No | 69 |
| Creating a positive school climate (<i>In-School Only</i>) | |
| Yes | 43 |
| No | 57 |
| Addressing Needs of Diverse Populations | |
| Working with diverse racial, ethnic, or cultural groups | |
| Yes | 43 |
| No | 57 |
| Providing Support Services | |
| Meeting the social, emotional, and developmental needs of youth | |
| Yes | 62 |
| No | 38 |

Question A.97, 98, 100, 103: Do you feel that you need more professional development, training, mentorship, or other support to do your job in any of the following areas?... positive behavioral support and classroom management... working with diverse racial, ethnic, or cultural groups... meeting the social, emotional, and developmental needs of youth (e.g., resilience promotion)... creating a positive school climate. Note: Cells are empty if there are less than 5 respondents.
